constant endeavour to uphold the rights and privileges and the dignity of this House and every Member of this House because if you do not uphold this dignity, the rights and privileges of this House, then there would not be any platform on which we can erect our edifice of democratic Government. I want to thank you for the very generous words, encouraging words you have said today. And I also want to thank you for something which was behind it, the support you gave me for my election to this high office which I had never dreamt of, never. Thank you all.

(b) whether Government proposed to accept the farmers' lobby demand for higher quota of export of cotton or Government would prefer value-addition of cotton through yarn manufacture or garment manufacture; and
